“I have, for years, been getting O&G Magazine. It is one of the most useful O&G organisational publications I have read. The educational material is world class.”

Professor Athol Kent,  
Editor in Chief of the Journal Article Summary Service

## Ethos

The College’s flagship quarterly publication, *O&G Magazine*, features articles on the latest issues in the practice of obstetrics and gynaecology, written by experts of international standing. The magazine encourages the free flow of ideas, information and debate among the membership of the College and the broader community involved in women’s health.

## Editorial

Themes are decided six to 12 months in advance of publication. Each year sees two issues that explore clinical themes and typically two issues that explore themes of a broader social or ethical impact relevant to the specialty.

# O&G Magazine: Upcoming Themes

Issue 1 | Autumn 2024

Optimising surgical outcomes

Issue 2 | Winter 2024

Sustainability

Issue 3 | Spring 2024

## Specialist O&G Employment

### A dedicated jobs board

RANZCOG now offers a streamlined O&G employment platform – [jobs.ranzcog.edu.au](https://jobs.ranzcog.edu.au).

This dedicated site allows advertisers to easily add listings, manage applications, and fulfill open positions.

The platform also provides candidates with a seamless job hunting experience with quick registration and application processes.

All specialist position advertisements are AU \$800 plus GST for 30 days.

In order to support specialists in their training journey, we also offer free 30- or 90-day accredited Trainee listings (these are assessed by our Education team to qualify for a free listing). The submission process is as above.

To post adverts on the site, simply create an employer profile and follow the prompts to purchase a listing and create your advertisement. Employers can choose to receive applications by email, or opt to redirect applicants to a specific URL to complete the application process. Attract the right candidates by creating a branded company profile page that includes a logo, company information, website URL, images, videos, and a list of all active jobs posted.

# 2024 RANZCOG ASM

It is with great pleasure that we invite you to join us in Aotearoa for the RANZCOG 2024 Annual Scientific Meeting.

## The Attendees

Of the estimated 1000 delegates who will attend the meeting in Aotearoa, it is expected that approximately 56% will be RANZCOG Fellows; 14% will be current RANZCOG trainees, 10% will be General Practitioners; and 17% will include midwives, Pacific O&G Specialists and other health professionals. Medical students will comprise the final 3%; a group with which the College is increasingly engaging.

## The Benefits

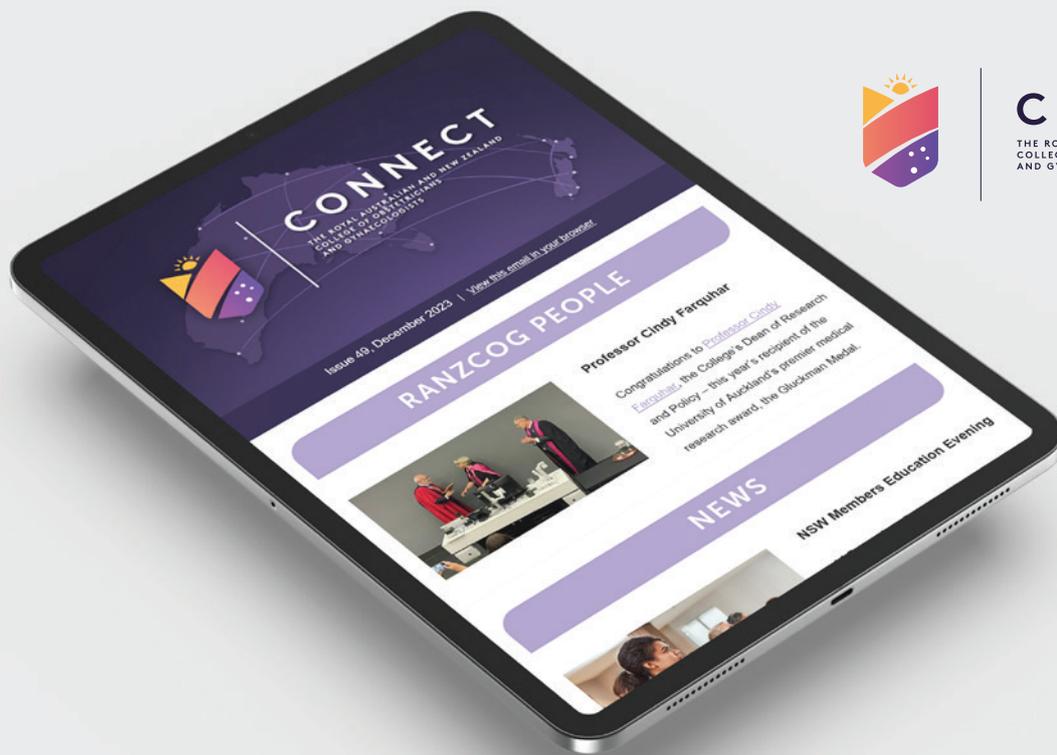

The Organising Committee is delighted to be able to offer industry partners of RANZCOG the opportunity to participate in this meeting by way of sponsorship or exhibition. A limited number of sponsorship packages are available. These can be tailored to meet your company objectives and ensure maximum exposure. Obstetrics and gynaecology is a unique specialty, in that it combines elements of both surgery and medicine. Highly trained specialist obstetricians and gynaecologists may have exposure to surgery through both operative obstetrics and gynaecology, and medicine through endocrinology, oncology, internal medicine, and medical imaging. An exhibition, showcasing the latest products and services available in these areas will also be available.

## Your participation will:

- Generate quality business leads
- Increase your business profile
- Create new business opportunities
- Create networking opportunities
- Demonstrate your commitment to, and support of, women's health

For sponsorship opportunities, please contact the ASM Sponsorship team
