College Vision and Mission

Vision
Delivery of excellence and equity in women’s health.

Mission
To be the leader in education, training and advocacy in obstetrics and gynaecology.

RANZCOG will achieve its Vision by innovative training, accreditation and continuing education supported by active assessment of the effectiveness of those programs.

The College will actively support and communicate with Fellows, members and trainees in order to ensure that they are capable, physically, psychologically and professionally, of providing the highest standards of care.

The College will support research into women’s health and will act as an advocate for women’s health care, forging productive relationships with individuals, the community and professional organisations both locally and internationally.
1.0 INTRODUCTION

1.1 Purpose of this handbook
Trainees will find information necessary for the administrative aspects of the three RANZCOG Women’s Health Training Programs in this handbook. Requests for any additional information may be directed to the RANZCOG Training Programs Department, (Refer to Section 2.2 for contact details).

1.2 Women’s Health Training Programs: An overview
The Conjoint Committee for the Diploma in Obstetrics and Gynaecology (CCDOG) offers three programs for medical practitioners providing care in women’s health.

Certificate in Women’s Health (CWH)
This is a training program intended for medical practitioners who desire increased knowledge in aspects of women’s health that centre primarily on office-based practice, including shared antenatal and postnatal care, office gynaecology and family planning. All training and assessment requirements for the CWH must be completed within two (2) years from the date of commencement of training.

Diploma of the RANZCOG (DRANZCOG)
The RANZCOG Diploma (DRANZCOG) builds on the knowledge and skills developed through the Certificate of Women’s Health program. It is intended for medical practitioners who wish to gain skills in obstetrics and gynaecology to a level that will enable them to safely undertake non-complex deliveries and perform basic gynaecological procedures. All training and assessment requirements for the DRANZCOG must be completed within two (2) years from the date of commencement of training. If completing concurrently with CWH trainees have four (4) years from the date of commencement of training.

Advanced Diploma of the RANZCOG (DRANZCOG Adv)
This is a hospital-based training program intended for medical practitioners who have gained skills in obstetrics through the Diploma and who wish to develop them to a level that will enable them to safely undertake complex deliveries and perform more advanced gynaecological procedures.

Each qualification addresses subject areas that offer considerable breadth in terms of the subject matter and the depth of knowledge and skills that are acquired.

All training and assessment requirements for the DRANZCOG Advanced must be completed within two (2) years from the date of commencement of training. If completing concurrently with CWH and DRANZCOG trainees have four (4) years from the date of commencement of training.
## Structure of the Training Programs

The three-tier structure of the Women’s Health qualifications is reflective of the progressive increase in knowledge and skills required and the shift toward independent practice as trainees continue from one training program to the next.

As each qualification is re-certifiable, trainees are not required to repeat the requirements of their existing qualification should they wish to up-skill and undertake training in subsequent qualifications. For example, holders of the Certificate who wish to undertake the Diploma or Diploma Advanced Training Programs do not have to repeat the training and assessment requirements of the Certificate, which forms part of the DRANZCOG training program.

2.2 Governance & Administration

The CWH, Diploma and Advanced Diploma training program is governed and administered by the Conjoint Committee for the Diploma of Obstetrics and Gynaecology (CCDOG). The CCDOG comprises representatives from RANZCOG, the Royal Australian College of General Practitioners (RACGP) and the Australian College of Rural and Remote Medicine (ACRRM).

CCDOG

Chair: Dr Jared Watts

Conjoint Committee for the Diploma of Obstetrics and Gynaecology (CCDOG) defines and oversees all aspects of education, training and recertification in relation to qualifications awarded jointly by RANZCOG, ACRRM and RACGP, including, but not limited to the Diplomas known as the DRANZCOG and DRANZCOG Advanced, and the Certificate of Women’s Health. In addition, the committee reviews the curricula for the above programs in conjunction with the RACGP and ACRRM, through the CCDOG.

To get further details on the roles and responsibilities as stated in the terms of reference (ToR) for this committee you can contact the training team at dts@ranzcg.edu.au

2.3 Accredited CWH, DRANZCOG & DRANZCOG Advanced Training Sites

NOTE: RANZCOG is undertaking the re-accreditation of all the sites listed on the College Website, including the formal accreditation of Certificate of Women’s Health (CWH) training units. Prospective CWH trainees in a hospital setting can undertake their training at any site accredited for DRANZCOG training.

2.4 RANZCOG Trainees’ Committee

The Trainee Committee comprises:

- a Chair, who is undertaking their final years of RANZCOG Fellowship training or post-Fellowship training (i.e. subspecialty training);
- Fellowship trainee representatives from each state/region in Australia and New Zealand;
- a representative of RANZCOG Subspecialty trainees;
- a representative of CWH/DRANZCOG/DRANZCOG Advanced trainees;
- a representative of recent RANZCOG Fellows (i.e. of less than five years’ standing);
- a RANZCOG Fellow representing the College Training Accreditation Committee; and
- a RANZCOG Fellow representing the Education and Assessment Committee.

The Chair attends all meetings of RANZCOG Council and the RANZCOG Education & Assessment and Training Accreditation Committees.

Current Chair: Dr Sara Ooi
Current: Dr Fleur Muirhead  CWH/DRANZCOG/DRANZCOG Advanced trainee representative:

The Committee meets via video conference or face-to-face three times a year.
Trainee representatives are also included on various RANZCOG committees and working groups, ensuring trainee involvement in RANZCOG decision-making.

Further information on the RANZCOG Council and Committees is available at RANZCOG website at https://www.ranzcog.edu.au/Our-College/Governance
## 3.0 TRAINING & ASSESSMENT

3.2 Applying for Prospective Approval of Training

Eligibility

Prospective trainees for the Certificate of Women’s Health must hold a primary degree in Medicine and Surgery issued by a medical school listed in the WHO Publication *World Directory of Medical Schools*. They must have one of general/provisional/restricted registration with the Medical Board of Australia and be in their first or subsequent year of postgraduate training.

Prospective trainees for the DRANZCOG and DRANZCOG Advanced must hold a primary degree in Medicine and Surgery issued by a medical school listed in the WHO Publication *World Directory of Medical Schools*. They must have one of general/provisional/restricted registration with the Medical Board of Australia. Trainees who occupy DRANZCOG and DRANZCOG Advanced training posts must be in their second or subsequent postgraduate year.

Application for prospective approval to commence training

Prospective CWH/DRANZCOG/DRANZCOG Advanced trainees must have secured a position in a hospital or other appropriate setting approved by the RANZCOG for the relevant training program. Accredited hospitals are listed in Section 2.5 of this handbook. RANZCOG does **NOT** assist prospective trainees with hospital or clinic placements. Trainees must obtain their placement **PRIOR** to registration and **BEFORE** applying for prospective approval of training.

At least four (4) weeks prior to the commencement of training, prospective trainees must complete the relevant CWH/DRANZCOG/DRANZCOG Advanced Registration/Prospective Approval of Training application available at www.ranzcog.edu.au/Training/Certificate-Diploma/Applying

The completed application must be sent to dts@ranzcog.edu.au accompanied by:
- a certified copy of the applicant’s primary medical degree or AMC Certificate, and
- payment of the applicable fee.

**All of these requirements must be submitted for the registration process to be complete.**

Once the relevant application form and requirements are received by RANZCOG a confirmation email will be sent with details of training documents and assessments to be completed for the program.

Trainees **must** familiarise themselves with the following documents available on the RANZCOG website:

- **RANZCOG Regulations** detailing the regulations pertaining to the CWH, DRANZCOG and DRANZCOG Advanced Training Programs. *Available at* www.ranzcog.edu.au/about/Governance/Constitution-Regulations (Section F)

All fees are reviewed annually and are subject to change. Current fees are available at:

- [www.ranzcog.edu.au/members/membership-fees/Assessment-Fees](http://www.ranzcog.edu.au/members/membership-fees/Assessment-Fees)
3.4 Workshops and Courses
Trainees are required to attend some RANZCOG run and externally provided workshops and courses as a part of the Women’s Health Training Programs. The workshops and courses promote active learning and include practical activities to optimise individual participation. Workshops and courses are delivered both online and face to face at various locations within Australia. For more information, refer to www.ranzcog.edu.au/Training/Certificate-Diploma/Training-Requirements or contact your RANZCOG State and Territory Office with details available at https://www.ranzcog.edu.au/Contact-Us

CWH – Online training for mTOP (MS-2step)
Trainees are required to complete online training for mTOP (MS-2step) or be a current authorised PBS prescriber of medical abortion.

DRANZCOG – Fetal Surveillance Education Program (FSEP)
RANZCOG Fetal Surveillance Education Program (FSEP) has a range of programs to suit the needs, resources and risk management strategies of all Australian and New Zealand facilities offering antenatal and intrapartum care. All of our programs cover the following topics:
- uteroplacental function,
- the physiology of fetal heart rate control,
- the normal CTG,
- the importance of the complete clinical picture in CTG interpretation,
- the abnormal CTG including interpretation and management and a case-study workshop.

The FSEP MCQ assessment is undertaken on completion of most of our programs.
https://www.fsep.edu.au/
The FSEP moved from being a requirement of DRANZCOG Advanced to DRANZCOG on 1/1/2022. Trainees MUST have completed this program before being awarded their DRANZCOG if they commenced from this date.

DRANZCOG Advanced – Basic Obstetrics Skills (BOS) Workshop
Satisfactory completion of a BOS Workshop. This workshop is generally conducted at the accredited training site, offering flexibility, and can be undertaken as a full-day workshop, two half-days, or over several weekly or fortnightly sessions.

DRANZCOG Advanced – Obstetric Anal Sphincter (OASIS) course
Satisfactory completion of an OASIS course.

3.5 Logbooks
The Logbook is used by each trainee as a record of all required procedural and other training experiences in every year of CWH/DRANZCOG/DRANZCOG Advanced training. It is an essential proof of training utilised by the Training Mentor/Training Supervisor(s) and the Chair of the Conjoint Committee for the Diploma of Obstetrics and Gynaecology (CCDOG) to monitor the trainee’s experience and ensure that it is appropriate for the level of training. Information in trainee Logbooks is also used by RANZCOG to monitor each trainee’s training experience. Trainees must have their Logbooks on hand at all times and ensure they are always up-to-date.
Logbooks are issued by the RANZCOG Training Programs Department after a complete application is received (including applicable fee). Applications and payments must be made prior to the commencement of the training period.

The Logbook must be reviewed by the Training Mentor or Training Supervisor(s) once a month.

**IMPORTANT:** CWH, DRANZCOG and DRANZCOG Advanced trainees are to ensure all procedures have been satisfactorily met before submitting training documentation to the CWH/Diploma Training Programs for processing. Any incomplete training documentation received will be returned along with notification of the item/s requiring attention.

Upon completion of training:

- **a)** once all procedural requirements have been satisfactorily met and the logbook has been signed off by the Training Supervisor/Mentor, trainees are to submit this to the CWH/Diploma Training Programs as a **scanned pdf document** or interactive pdf via email to dts@ranzcg.edu.au
- **b)** CWH/Diploma Training Programs will assess the training documentation and communicate with the trainee of the next steps.
3.6 Workplace-Based Assessments (WBA)

Workplace-based assessment (WBA) is part of the holistic assessment framework for the CWH, DRANZCOG and DRANZCOG Advanced curricula. It involves a process whereby a trainee’s competency in core clinical and procedural skills is assessed in real patient scenarios during a trainee’s everyday work against clearly defined criteria and established standards.

The strength of a WBA is that trainees are assessed at the time of undertaking clinical work with real patient encounters during a normal working week.

A suitable Assessor is one who has worked with the trainee and who can make a balanced and informed judgement of the trainee’s performance: the Training Mentor, Training Supervisor or another ‘teacher’ who has guided and supported the trainee’s knowledge and skill development, namely other consultants or registrars in obstetrics and gynaecology who have passed their FRANZCOG Examinations, and have been approved by the Training Supervisor to act as Assessors.

When a trainee is involved in a clinical encounter or performing a procedure that is to be assessed, an approved Assessor utilises the relevant form to assess the trainee’s performance against the standards described for each criterion.

Workplace-based assessments are designed to be formative, for feedback and planning for further learning, as well as summative for final satisfactory sign-off assessment. For each WBA, either formative or summative, the relevant assessment form MUST be completed by the approved Assessor.

Each form clearly articulates the assessment criteria for that WBA, with clinical descriptors for:

- ‘Below AT LEVEL EXPECTED’
- ‘At LEVEL EXPECTED’;
- ‘Above LEVEL EXPECTED’; and
- ‘Not Observed.

Trainees must meet the Minimum expected level for each criterion as described on the assessment form. If ‘Below LEVEL EXPECTED’ or ‘Not Observed’ is recorded for one (1) or more criteria, the WBA is deemed ‘unsatisfactory’ and must be repeated until at least ‘At LEVEL EXPECTED’ is achieved for all criteria in any one attempt of the WBA.

It is not expected that trainees achieve expected level on all criteria on the first attempt of any given WBA; the trainee may use the assessments, where appropriate, as a formative process prior to having a final satisfactory summative sign-off assessment.

There is no limit to the number of formative attempts. Formative attempts are encouraged and the number required to achieve a satisfactory outcome can be recorded in the Workplace-based Assessments Log in the Logbook.

Trainees and their assessors should make use of the WBA assessment process as a formal mechanism for contemporaneous feedback by using the criteria to help structure discussion as follows:
- **prior to the WBA** in order to discuss the trainee’s progress and ascertain whether the trainee is ready to complete a final sign-off assessment, and
- immediately **after** (or as soon as possible) **the WBA** in order to discuss the result and plan for future learning.

Trainees **MUST** retain copies of all satisfactory and unsatisfactory assessment forms as the Training Supervisor may review them at any time. Trainees must **only submit satisfactory forms** when submitting their Logbook for assessment at the conclusion of training.

The WBAs for each training program are specified in the respective Logbooks. CWH trainees may complete the Communication Skills WBA concurrently with the Cervical Screening or Antenatal Examination WBA. However, the Communication Skills WBA form must be used **in addition** to the form for the other WBA.

Trainees who have already completed the Certificate of Women’s Health and maintained their knowledge and skills by participating in CCDOG-approved professional development requirements do not need to repeat the Certificate of Women’s Health WBAs. However, details of these WBAs must be completed in the **Workplace Based Assessments Log** in the DRANZCOG Logbook.

### 3.7 Compulsory Trainee Feedback Questionnaire

Trainee feedback is vital to the ongoing review and refinement of the CWH, DRANZCOG and DRANZCOG Advanced Training Programs and associated curriculum, assessment and administrative processes and procedures. The Trainee Feedback online survey **must** be completed by DRANZCOG and DRANZCOG Advanced Trainees on an annual basis.

The purpose of the survey is to assess the clinical and general experience offered by the training hospitals rather than individuals within hospitals, for any quality improvements to be considered for future training. The survey asks trainees to rate and comment on various aspects of their training, including the standard of supervision and appropriate clinical training experience. Responses are de-identified and collated to generate reports for discussion and consideration by the CCDOG, and when appropriate, other relevant standing committees of the RANZCOG Council.

3.8 Examinations

More information on examinations is available on the RANZCOG website at:

It is the candidate’s responsibility to apply for all examinations. Late applications will NOT be accepted.

CWH & DRANZCOG WRITTEN EXAMINATIONS

The CWH/DRANZCOG Written Examination is part of the assessment for the CWH/DRANZCOG qualification. This examination is based on knowledge that underpins the educational objectives and outcomes listed in RANZCOG Curriculum. Candidates are therefore advised to not attempt the written examination until they are confident that they have assimilated the necessary knowledge.
