

Assessment of Procedural and Surgical Skills: Ultrasound Part 1: First Trimester Transabdominal

Trainee Name:	Training Supervisor Name:
Year level of training: <input type="checkbox"/> Year 1 <input type="checkbox"/> Year 2	Date:

Degree of difficulty	<input type="checkbox"/> Simple	<input type="checkbox"/> Complex
Reason for any added degree of difficulty (e.g. high BMI)		

Assessment	Significant input required from assessor			Some input required from assessor			Minimal input required from assessor			Not Assessable
	1	2	3	4	5	6	7	8	9	
Practical aspects of transabdominal ultrasound scanning	Machine settings required to optimise image									
	1	2	3	4	5	6	7	8	9	NA
	Probe orientation and manipulation									
Obstetrics - transabdominal	Systematic scanning approach to the examination									
	1	2	3	4	5	6	7	8	9	NA
	Identify uterus, cervix and endometrium									
Documentation	Identify an intrauterine pregnancy in the first trimester									
	1	2	3	4	5	6	7	8	9	NA
	Recognise number of fetuses									
	1	2	3	4	5	6	7	8	9	NA
	Measure gestation sac to obtain a mean sac diameter									
Documentation	Measure crown rump length									
	1	2	3	4	5	6	7	8	9	NA
	Recognize the presence/absence fetal heart motion									
1	2	3	4	5	6	7	8	9	NA	
Demonstrate adequate documentation with all relevant/necessary information										
1	2	3	4	5	6	7	8	9	NA	

Summative Assessment – Overall performance for this procedure		To be submitted to College
Assessment	<input type="checkbox"/> Performed the procedure with minimal input from assessor <i>NOTE: To be assessed as 'performed the procedure with minimal input'; a trainee must achieve a minimum ranking of 7 – 9 in all listed skill areas.</i>	
Feedback		

The assessor MUST discuss this assessment with the trainee following the procedure and upon completion of the form to this point. **THIS FORM SHOULD NOT BE SIGNED IF THIS HAS NOT OCCURRED.**

Assessor name:	Assessor signature:	Relationship to trainee:	<input type="checkbox"/> Senior Radiologist <input type="checkbox"/> Training Supervisor <input type="checkbox"/> Consultant <input type="checkbox"/> Advanced Trainee <input type="checkbox"/> Senior Sonographer
Trainee signature:	Training Supervisor:	Date:	

Assessment of Procedural and Surgical Skills: Ultrasound Part 1: First Trimester Transvaginal

Trainee Name:	Training Supervisor Name:
Year level of training: <input type="checkbox"/> Year 1 <input type="checkbox"/> Year 2	Date:

Degree of difficulty	<input type="checkbox"/> Simple	<input type="checkbox"/> Complex
Reason for any added degree of difficulty (e.g. high BMI)		

Assessment	Significant input required from assessor			Some input required from assessor			Minimal input required from assessor			Not Assessable
	1	2	3	4	5	6	7	8	9	
Practical aspects of transvaginal ultrasound scanning	Machine settings required to optimise image									
	1	2	3	4	5	6	7	8	9	NA
	Probe orientation and manipulation									
Obstetrics - transvaginal	Systematic scanning approach to the examination									
	1	2	3	4	5	6	7	8	9	NA
	Identify uterus, cervix and endometrium									
Documentation	Identify an intrauterine pregnancy in the first trimester									
	1	2	3	4	5	6	7	8	9	NA
	Recognise number of fetuses									
	1	2	3	4	5	6	7	8	9	NA
	Measure gestation sac to obtain a mean sac diameter									
Summative Assessment – Overall performance for this procedure	Measure crown rump length									
	1	2	3	4	5	6	7	8	9	NA
	Recognize the presence/absence fetal heart motion									
1	2	3	4	5	6	7	8	9	NA	
Demonstrate adequate documentation with all relevant/necessary information										
1	2	3	4	5	6	7	8	9	NA	

Summative Assessment – Overall performance for this procedure	To be submitted to College
Assessment	<input type="checkbox"/> Performed the procedure with minimal input from assessor <i>NOTE: To be assessed as 'performed the procedure with minimal input'; a trainee must achieve a minimum ranking of 7 – 9 in all listed skill areas.</i>
