Degree of difficulty	<input type="checkbox"/> Simple	<input type="checkbox"/> Complex
Reason for any added degree of difficulty (e.g. high BMI)		

Assessment	Significant input from assessor	Some input from assessor	Minimal input from assessor	Not assessable						
Relevant clinical information	Indication for ultrasound scan									NA
	1	2	3	4	5	6	7	8	9	
	Relevant clinical history									NA
Relevant physical examination	Relevant physical examination									NA
	1	2	3	4	5	6	7	8	9	
	Explanation to woman regarding the scan procedure									NA
Practical aspects of ultrasound scanning	Machine settings required to optimise image									NA
	1	2	3	4	5	6	7	8	9	
	Probe orientation and manipulation									NA
	1	2	3	4	5	6	7	8	9	
	Systematic approach to the ultrasound examination									NA
First trimester scan	1	2	3	4	5	6	7	8	9	
	Probe cleaning and /or sterilisation									NA
	1	2	3	4	5	6	7	8	9	
	Demonstrate cervix and uterus									NA
	1	2	3	4	5	6	7	8	9	
	Assess the endometrial cavity to exclude or identify a gestation sac/retained products of conception/empty uterus/assessment of endometrial midline echo									NA
	1	2	3	4	5	6	7	8	9	
	Identify a multiple pregnancy									NA
	1	2	3	4	5	6	7	8	9	
	Measure gestation sac to obtain a mean sac diameter									NA
1	2	3	4	5	6	7	8	9		
Measure crown rump length									NA	
1	2	3	4	5	6	7	8	9		
Measure the fetal heart rate using M-mode									NA	
1	2	3	4	5	6	7	8	9		
Identify both ovaries									NA	
1	2	3	4	5	6	7	8	9		
Demonstrate the presence of a corpus luteum									NA	
1	2	3	4	5	6	7	8	9		
Assess both adnexa									NA	
1	2	3	4	5	6	7	8	9		
Assess the pelvis for the presence of free fluid/blood									NA	
1	2	3	4	5	6	7	8	9		
Documentation and interpretation	Demonstrate adequate documentation with all relevant/necessary information									NA
	1	2	3	4	5	6	7	8	9	
	Interpret the ultrasound scan findings in the context of the clinical scenario									NA
Documentation and interpretation	1	2	3	4	5	6	7	8	9	
	Formulate a management plan in the context of the scan findings									NA
1	2	3	4	5	6	7	8	9		

Summative Assessment – Overall performance for this procedure		To be submitted to College
Assessment	<input type="checkbox"/> Performed the procedure with minimal input from assessor <i>NOTE: To be assessed as 'performed the procedure with minimal input!'; a trainee must achieve a minimum ranking of 7 – 9 in all listed skill areas.</i>	
Feedback		

The assessor MUST discuss this assessment with the trainee following the procedure and upon completion of the form to this point. **THIS FORM SHOULD NOT BE SIGNED IF THIS HAS NOT OCCURRED.**

	1	2	3	4	5	6	7	8	9	
	Assess fetal presentation									
	1	2	3	4	5	6	7	8	9	
	Assess placental location									
	1	2	3	4	5	6	7	8	9	
	Measure fetal heart rate									
	1	2	3	4	5	6	7	8	9	
	Obtain correct anatomical plane and measure BPD									
1	2	3	4	5	6	7	8	9		
Obtain correct anatomical plane and measure HC									NA	
1	2	3	4	5	6	7	8	9		
Obtain correct anatomical plane and measure AC										
1	2	3	4	5	6	7	8	9		
Obtain correct anatomical plane and measure FL										
1	2	3	4	5	6	7	8	9		
Measure amniotic fluid (DVP)										
1	2	3	4	5	6	7	8	9		
¹Measure umbilical artery Doppler										
1	2	3	4	5	6	7	8	9		
²Identify the cervix and measure cervical length transvaginally									NA	
1	2	3	4	5	6	7	8	9		
Demonstrate adequate documentation with all relevant/necessary information										
1	2	3	4	5	6	7	8	9		
Interpret the ultrasound scan findings in the context of the clinical scenario										
1	2	3	4	5	6	7	8	9		
Formulate a management plan in the context of the scan findings										
1	2	3	4	5	6	7	8	9		
Documentation and interpretation										NA

Assessment of Procedural and Surgical Skills: Ultrasound Part 2 Fetal Growth and Wellbeing Assessment

1&2 Recommended but not essential

Summative Assessment – Overall performance for this procedure

To be submitted to College

Assessment

Performed the procedure with minimal input from assessor

NOTE: To be assessed as 'performed the procedure with minimal input'; a trainee must achieve a minimum ranking of 7 – 9 in all listed skill areas.

Feedback

The assessor **MUST** discuss this assessment with the trainee following the procedure and upon completion of the form to this point. **THIS FORM SHOULD NOT BE SIGNED IF THIS HAS NOT OCCURRED.**

Assessment of Procedural and Surgical Skills: Ultrasound Part 3

Acute Third Trimester Presentation

Trainee Name:	Training Supervisor Name:
Year level of training: <input type="checkbox"/> Year 1 <input type="checkbox"/> Year 2 <input type="checkbox"/> Year 3 <input type="checkbox"/> Year 4	Date:

Degree of difficulty	<input type="checkbox"/> Simple	<input type="checkbox"/> Complex
Reason for any added degree of difficulty (e.g. high BMI)		

Assessment	Significant input from assessor			Some input from assessor			Minimal input from assessor			Not assessable
Relevant clinical information	Indication for ultrasound scan									NA
	1	2	3	4	5	6	7	8	9	
	Relevant clinical history									
Relevant physical examination	1	2	3	4	5	6	7	8	9	NA
	Relevant physical examination									
	1	2	3	4	5	6	7	8	9	
Practical aspects of ultrasound scanning	Explanation to woman regarding the scan procedure									NA
	1	2	3	4	5	6	7	8	9	
	Machine settings required to optimise image									
	1	2	3	4	5	6	7	8	9	
	Probe orientation and manipulation									
Acute obstetric presentation scan	1	2	3	4	5	6	7	8	9	NA
	Systematic approach to the ultrasound examination									
	1	2	3	4	5	6	7	8	9	
	Probe cleaning and /or sterilisation									
	1	2	3	4	5	6	7	8	9	
Acute obstetric presentation scan	Assess fetal presentation									NA
	1	2	3	4	5	6	7	8	9	
	Assess fetal position									
	1	2	3	4	5	6	7	8	9	
	Measure fetal heart rate									
	1	2	3	4	5	6	7	8	9	
	¹ Assess placental location									
	1	2	3	4	5	6	7	8	9	
Measure amniotic fluid (DVP)										
1	2	3	4	5	6	7	8	9		
² Measure umbilical artery Doppler									NA	
1	2	3	4	5	6	7	8	9		
Recognise fetal movements										
1	2	3	4	5	6	7	8	9		
Recognise fetal breathing movements									NA	
1	2	3	4	5	6	7	8	9		
Demonstrate adequate documentation with all relevant/necessary information										
Documentation and interpretation	1	2	3	4	5	6	7	8	9	NA
	Interpret the ultrasound scan findings in the context of the clinical scenario									
	1	2	3	4	5	6	7	8	9	
Formulate a management plan in the context of the scan findings									NA	
1	2	3	4	5	6	7	8	9		

Assessment of Procedural and Surgical Skills: Ultrasound Part 3 Acute Third Trimester Presentation

¹Candidate to perform abdominally routinely and if clinically indicated to perform vaginally
²Candidate to perform routinely if clinically indicated or if not ask candidate to perform to assess technical skills

Summative Assessment – Overall performance for this procedure **To be submitted to College**

Assessment	<input type="checkbox"/> Performed the procedure with minimal input from assessor <i>NOTE: To be assessed as 'performed the procedure with minimal input'; a trainee must achieve a minimum ranking of 7 – 9 in all listed skill areas.</i>
