

Advanced Training Pathway: SRH

Mandatory Module 3: Sexual Health (eLearning module)

Curriculum Objective

To provide a framework on which to build expert training in the knowledge, clinical skills and professional attitudes required to provide comprehensive high level sexual health services.

Learning Outcomes

At completion of the 'Management of STIs and STI Syndromes' module (mandatory eLearning module – link [here](#)) the trainee should have knowledge of sexual health with a particular focus on the clinical aspects relating to women, people and pregnancy.

Learning & Assessment Requirements

Assessment	Detail	Requirement
	Completion of the online module - Management of STIs and STI Syndromes – link here
